## **How to Access Your True Power and Succeed in Spite of Anything**

*( 5-Day Camp)*

For many, life has become more about what they can't do rather than what they can do. The truth, however, is that you are far greater than you think and have truly amazing potential. The key is to tap into your higher self and unleash your full capacity for success and happiness. This camp is highly experiential. You will not learn "how to" be an Enlightened Warrior, you will practice being one.

You will discover:

- ▶ The secrets to being strong and confident
- ▶ How not to yearn for approval and recognition from others but to approve of yourself
- ▶ How to respond to circumstances by choice instead of reacting from past conditioning
- ▶ How to live with integrity, so that your word is law
- ▶ How to have the courage to take action in spite of fear, doubt and worry

This course is an inner strengthening. It is an opportunity for you to see yourself in an entirely new light- to meet the absolute best of yourself. The learning is truly transformational and can be applied to all aspects of your everyday life. If you believe there's got to be more to life and are ready to experience a more empowered way of living, then commit to your "self" and do whatever it takes to be there.
